ARTICLE 2 PROPERTY SUBJECT TO THIS DECLARATION

2.1 Property Hereby Subjected to this Declaration. The real property which is, by the recording of this Declaration, subject to the covenants, conditions, restrictions and easements hereinafter set forth and which, by virtue of the recording of this Declaration, shall be held, transferred, sold, conveyed, used, occupied and encumbered subject to this Declaration is the Phase I Property.

2.2 Unilateral Annexation by Declarant. As the owner thereof or, if not the owner, with the consent of the owner thereof, Declarant shall have the unilateral right, privilege, and option from time to time at any time during the Period of Declarant Control to subject all or any portion of the Potential Additional Land to the provisions of this Declaration and the jurisdiction of the Association by recording in the records of the Office of the Judge of Probate of Baldwin County, Alabama a Supplementary Declaration describing the property being subjected. Declarant intends to annex hereto the Potential Additional Land. However, inclusion of the Potential Additional Land on Exhibit “D” shall not obligate the Declarant to subject any or all of such property to the Declaration. Any annexation shall be effective upon the filing for record of a Supplementary Declaration unless a later effective date is provided therein. The Declarant may unilaterally amend this Declaration to reflect the different character of any such annexed real property, to address assessments for the annexed property, and to address such other matters as Declarant deems appropriate with respect to the annexed property. If any land is not subject to this Declaration, Declarant’s reserved rights shall not impose any obligation on Declarant to impose any covenants and restrictions similar to those contained herein upon such additional land nor shall such rights in any manner limit or restrict the use to which such additional land may be put by Declarant or any subsequent owner thereof, whether

such uses are consistent with the covenants and restrictions imposed hereby or not or whether or not such use, layout, etc. are consistent with any master plan. Substantially contemporaneously with the filing of any such Supplementary Declaration, Declarant shall also record a plat for the annexed land, and any property shown on such plat as "Common Property" shall be deemed "Common Property" for all purposes of this Declaration, except as may be otherwise provided in said Supplementary Declaration.

2.3 Other Annexation. In addition to Declarant's right to effect a unilateral annexation as set forth in Section 2.2, upon the written consent of: (a) the owner(s) thereof; (b) the Declarant; and (c) the Owners of at least two-thirds of the Lots, the Association may annex real property not described or shown on Exhibit "D" to the provisions of this Declaration and the jurisdiction of the Association by filing for record in the records of the Office of the Judge of Probate of Baldwin County, Alabama, a Supplementary Declaration describing the property being annexed. Any such Supplementary Declaration shall be executed on behalf of the Association by the President of the Association whose signature shall be attested by the Secretary of the Association. The annexation shall be effective only upon the filing for record of such Supplementary Declaration, unless a later effective date is provided therein.

ARTICLE 3 ASSOCIATION MEMBERSHIP AND VOTING RIGHTS

3.1 Membership. Every person who is the record owner of a fee or undivided fee interest in any Lot that is subject to this Declaration shall have a membership in the Association. The foregoing is not intended to include persons who hold an interest merely as security for the performance of an obligation, and the giving of a security interest shall not terminate the Owner's membership. No Owner, whether one or more persons, shall have more than one membership per Lot. Membership shall be appurtenant to and may not be separated from ownership of a Lot. The rights and privileges of membership, including the right to hold office, may be exercised by a member or the spouse of a member, but in no event shall more than one office be held for each Lot owned. This section is not intended to prohibit the same individual from being both an officer and a director of the Association. Nothing in this section shall restrict the number of votes cast or the number of the officers and directors appointed by the Declarant.

3.2 Voting. Members shall be entitled to one vote for each Lot owned. When more than one person holds an ownership interest in a Lot, the vote for such Lot shall be exercised as those Owners themselves determine and advise the Secretary prior to any meeting or referendum. The vote attributable to a Lot shall be suspended in the event more than one person seeks to exercise it. The Board of Directors may suspend the voting rights of an Owner for any period during which any past due assessment against any Lot of the Owner remains unpaid; and, for a reasonable period of time for an infraction of the Declaration, Bylaws or rules and regulations.

3.3 Notice of Sale, Lease or Acquisition. Prior to the sale or lease of a Lot, the Owner shall provide the Association with written notice of the name of the purchaser or lessee, as the case

may be, and such other information as the Board may reasonably require. Upon acquisition of a Lot, each new Owner shall provide the Association with written notice of the name and mailing address of the Owner and such other information as the Board may reasonably require.

ARTICLE 4 ASSESSMENTS

4.1 Purpose of Assessments. The assessments provided for herein shall be used for the general purposes of promoting the recreation, health, safety, welfare, common benefit, and enjoyment of the Owners of Lots, including, without limitation, the maintenance of real and personal property, all as may be more specifically authorized from time to time by the Board of Directors.

4.2 Creation of the Lien and Personal Obligation for Assessments. Each Owner of a Lot, by acceptance of a deed therefor, whether or not it shall be so expressed in such deed, covenants and agrees to pay to the Association: (a) general assessments; (b) special assessments; and (c) specific assessments. All such assessments, together with late charges in the amount of Ten Dollars (\$10.00) or ten percent (10%) of the amount of each assessment or installment not paid when due and interest (at a rate set by the Board of Directors for time to time, but not to exceed the lesser of the maximum rate permitted by Alabama law or eighteen percent (18%) per year on the principal amount due) and costs of collection, including, without limitation, reasonable attorney's fees actually incurred, shall, from the time the sums become due and payable, be a charge on the land and shall be a continuing lien in favor of the Association on the Lot against which each assessment is made. The recording of this Declaration shall constitute record notice of the existence of the lien and no further recordation of any claim of lien shall be required. Each such assessment, together with such late charges, interest and costs, shall also be the personal obligation of the person who was the Owner of the Lot at the time the assessment fell due. Each Owner shall be personally liable for the portion of each assessment coming due while the Owner of a Lot, and each grantee of an Owner shall be jointly and severally liable for such portion thereof as may be due and payable at the time of conveyance; provided, however, the liability of a grantee for the unpaid assessments of the grantor shall not apply to any first Mortgagee taking title through foreclosure proceedings. Owners may not waive or otherwise exempt themselves from liability for the assessments provided for herein, including, by way of illustration, but not limitation, abandonment of their Lots. No diminution or abatement of any assessment shall be claimed or allowed by reason of any failure of the Association to take some action or perform some function required to be taken or performed by the Association, the obligation to pay assessments being a separate and independent covenant on the part of each Owner. All payments shall be applied first to costs, then to late charges, then to interest and then to delinquent assessments.

4.3 General Assessments. The Board shall prepare a budget covering the estimated costs of operating the Association during the coming year. The Board shall cause the budget and the assessments to be levied against each Lot for the year to be delivered to each member at least thirty (30) days prior to the due date of any general assessment. The budget and the assessment shall become effective unless disapproved by Declarant during the Period of Declarant Control, or after

such Period, at a meeting by a majority of the Total Association Vote. Notwithstanding the foregoing, however, in the event the membership disapproves the proposed budget or the Board fails for any reason to determine the budget for any period, then and until such time as a budget shall have been determined, as provided herein, the budget in effect shall continue. General assessments shall be levied equally on all similarly situated Lots and shall be paid in such manner and on such dates as may be fixed by the Board of Directors, which may include, without limitation, acceleration, upon ten (10) days written notice for delinquents. Unless otherwise provided by the Board, the assessment shall be paid in one annual installment. General assessments include any sums the Board determines necessary for the continued ownership, operation and maintenance of the Common Property, operating expenses of the Association, payment for any items of betterment and the establishment of reserve funds as the Board shall deem proper. General assessments may include, without limitation, sums for property taxes, insurance premiums, legal and accounting fees, management fees, charges for utilities, cleaning and janitor services, landscape maintenance, expenses and liabilities incurred as provided herein and in the Articles of Incorporation and Bylaws for indemnification of officers and directors and in connection with the enforcement of rights and duties of the Association against Owners and others. Notwithstanding any provision in this Declaration, the Articles of Incorporation, or the Bylaws to the contrary, until the Board prepares an initial budget, the initial annual assessment for each Lot shall be the sum of \$600.00 commencing when the Declarant first conveys such Lot to an Owner, payable in advance in semi-annual installments of \$300.00 each.

4.4 Special Assessments. The Association may levy a special assessment if approved by the Declarant during the Period of Declarant Control, or, after such Period, two-thirds (2/3) of the Total Association Vote. Special assessments shall be paid as determined by the Board. The Board may permit a special assessment to be paid in installments extending beyond the fiscal year in which the special assessment is imposed.

4.5 Specific Assessments. The Board shall have the power to levy specific assessments against fewer than all Lots as, in its discretion, it shall deem appropriate. Failure of the Board to exercise its authority under this section shall not be grounds for any action against the Association and shall not constitute a waiver of the Board's right to exercise its authority under this section in the future with respect to any expenses, including an expense for which the Board has not previously exercised its authority under this section. Fines levied pursuant to this Declaration and the costs of maintenance performed by the Association for which the Owner is responsible shall be specific assessments. The Board of Directors may also specifically assess Owners for Association expenses as follows: (a) expenses of the Association which benefit less than all of the Lots may be specifically assessed equitably among all of the Lots which are benefitted according to the benefit received; and (b) expenses of the Association which benefit all Lots, but which do not provide an equal benefit to all Lots, may be assessed equitably among all Lots according to the benefit received.

4.6 Subordination of Liens to Mortgages. The lien of all assessments authorized herein is hereby made subordinate to the lien of any first Mortgage placed on a Lot if, but only if, all assessments and charges with respect to such Lot authorized herein having a due date on or prior to the date of the Mortgage as filed of record have been paid. The lien hereby subordinated is only such

lien as relates to assessments and charges authorized hereunder having a due date subsequent to the date such mortgage is filed of record and prior to the satisfaction, cancellation or foreclosure of such Mortgage or the sale or transfer of the Lot pursuant to any proceeding in lieu of foreclosure or the sale or transfer of the Lot pursuant to a sale under power contained in such Mortgage. Such subordination is merely a subordination and shall not relieve the Owner of the Lot of the personal obligation to pay all assessments coming due during such period of ownership; shall not relieve such Lot from the lien provided for herein (except to the extent a subordinated lien is extinguished as a result of such subordination as against a Mortgagee or such Mortgagee's assignee or transferee by foreclosure or by sale under power); and no sale or transfer of such Lot to the Mortgagee or to any other person pursuant to a decree of foreclosure, or pursuant to any other proceeding in lieu of foreclosure or pursuant to a sale under power, shall relieve any existing or previous Owner of such Lot of any personal obligation or relieve such Lot or the then Owner of such Lot from liability for any assessment authorized hereunder become due after such sale and transfer.

4.7 Remedies of the Association. Any assessments or installments thereof which are not paid when due shall be delinquent. In addition to the lien rights, the personal obligation of the then Owner to pay such assessments shall remain such Owner's personal obligation and shall also pass to such Owner's successors-in-title. Such Owner shall nevertheless remain as fully obligated as before to pay to the Association any and all amounts which such Owner was obligated to pay immediately preceding the transfer; and such Owner and such successors-in-title shall be jointly and severally liable with respect thereto, notwithstanding any agreement between such Owner and such successors-in-title creating any indemnification of the Owner or any relationship of principal and surety as between themselves. Any assessment or installment thereof delinquent for a period of more than ten (10) days shall incur a late charge equal to the sum of (a) the lesser of Ten Dollars (\$10.00) or ten percent (10%) of the amount of each assessment or installment not paid when due, (b) interest (at a rate set by the Board of Directors from time to time, but not to exceed the lesser of the maximum rate permitted by Alabama law or eighteen percent (18%) per annum on the principal amount due), and (c) costs of collection, including, without limitation, reasonable attorney's fees actually incurred. The Association may cause a notice of delinquency to be given to any Owner who has not paid within ten (10) days following the due date. In the event that the assessment remains unpaid after sixty (60) days, the Association may institute suit to collect such amounts and/or to foreclose its lien. The Association may file a claim of lien with the Office of the Judge of Probate of Baldwin County, but no such claim of lien shall be required to establish or perfect the lien for unpaid assessments. Each Owner, by acceptance of a deed vests in the Association the right and power to bring all actions against such Owner personally, for the collection of such charges as a debt or to foreclose the lien. The lien provided for in this Declaration shall be in favor of the Association and shall be for the benefit of all Owners. The Association shall have the power to bid on the Lot at any foreclosure sale and to acquire, hold, lease, mortgage and convey the same. The Association may also suspend, without further notice or hearing, the membership rights of the delinquent Owner, including the right to vote, the right of enjoyment in and to the Common Property and the right to receive and enjoy such servicing and other benefits as may then be provided by the Association. Any such suspension shall not affect such members obligation to pay assessments coming due during the period of such suspension and shall not effect the permanent lien on such Lot in favor of the Association.

4.8 Date of Commencement of Assessments. Assessments shall commence when the Board of Directors first determines a budget and levies assessments. The assessments provided for herein shall commence as to a Lot on the day that such Lot is first conveyed by Declarant to an Owner. Declarant may designate any Lot(s) for use as a model home for marketing and sales purposes and as part of that designation may exempt such Lot(s) from assessments so long as such Lot is used as a model home and is not occupied for residential purposes and otherwise meets all conditions imposed by Declarant as part of such designation.

4.9 Budget Deficits During Declarant Control. During the Period of Declarant Control, Declarant may: (a) advance funds to the Association sufficient to satisfy the deficit, if any, between the actual operating expenses of the Association (but specifically not including an allocation for capital reserves), and the sum of the annual, special and specific assessments collected by the Association in any fiscal year (such advances shall be evidenced by promissory notes from the Association in favor of the Declarant); or (b) cause the Association to borrow such amount from a commercial lending institution at the then prevailing rates for similar loans in the local areas of the Community. No Mortgage secured by the Common Property or any of the improvements maintained by the Association shall be given in connection with such loan.

4.10 Failure to Assess. The omission or failure of the Board to fix the assessment amounts or rates or to deliver or mail to each Owner an assessment notice shall not be deemed a waiver, modification, or a release of any Owner from the obligation to pay assessments. In such event, each Owner shall continue to pay assessments on the same basis as for the last year for which an assessment was made, if any, until a new assessment is made, at which time any shortfalls in collections may be assessed retroactively by the Association.

4.11 Estoppel Letter. The Association shall, within thirty (30) days after receiving a written request therefor and for a reasonable charge, as established by the Board, certify to the amount of any unpaid assessments constituting a lien on a specified Lot. A certification letter signed by an officer of the Association or the Association's managing agent, if any, as to the amount of assessments due with respect to a Lot shall be binding upon the Association.

4.12 Capitalization of Assessment. Each Owner that is the original grantee from Declarant shall, upon closing of the conveyance of the Lot to such Owner, shall pay to the Association as a contribution to working capital, and not in lieu of assessments, the sum of \$200.00.

ARTICLE 5 MAINTENANCE

5.1 Association's Responsibility. The Association shall maintain and keep in good repair the Common Property. This maintenance shall include, without limitation, maintenance, repair and replacement of all landscaping and improvements situated on the Common Property. The Association shall also maintain (whether or not constituting Common Property): (a) all Community

entry features, including entry area landscaping and any irrigation system and the expenses for water and electricity, if any, provided to all such entry features; (b) all storm water detention/retention ponds, sediment ponds and storm water drainage facilities serving the Community to the extent the same are not maintained on an ongoing basis by a local governmental entity; (c) all Community greenbelt and any Park; (d) all Community recreational facilities and areas, if any; and (e) all private roadways serving the Community, if any, to the extent the same are not maintained on an ongoing basis by a local governmental entity. In addition, the Association shall have the right, but not the obligation, to maintain other property not owned by the Association, whether within or without the Community and to enter into easement and covenant to share costs agreements regarding such property where the Board has determined that such action would benefit the Owners. In the event that the Association determines that the need for maintenance, repair, or replacement, which is the responsibility of the Association hereunder, is caused through the willful or negligent act of an Owner, or the Occupants, family, guests, lessees or invitees of an Owner, then the Association, may perform such maintenance, repair or replacement and all costs thereof, not paid for by insurance, shall be assessed against the Owner as a specific assessment. All maintenance by the Association shall be performed consistent with the Community-Wide Standard. The Association shall not be liable for injury or damage to person or property: (x) caused by the elements of an Owner or any other person; (y) resulting from rain or other surface water which may leak or flow from any portion of the Common Property; or (z) caused by any street, pipe, plumbing, drain, conduit, appliance, equipment, security system, or utility line or facility, the responsibility for the maintenance of which is that of the Association, becoming out of repair.

5.2 Owner's Responsibility. Except for maintenance performed on a Lot by the Association pursuant to Section 5.1, if any, all maintenance of the Lot and all structures, landscaping, and other improvements (including front walks, sidewalks, and landscaping) thereon shall be the sole responsibility of the Owner thereof, who shall maintain such Lot in a manner consistent with the Community-Wide Standard and this Declaration. Such maintenance obligation shall include, without limitation, the following: prompt removal of all litter, trash, refuse, and waste; lawn mowing on a regular basis; tree and shrub pruning; watering landscaped areas; keeping improvements, and exterior lighting in good repair and working order; keeping lawn and garden areas alive, free of weeds, and attractive; preserving and maintaining the portion of Undisturbed Buffer as shown on the recorded subdivision plats of the Community or any otherwise required buffer on a Lot, if any; keeping driveways in good repair; complying with all governmental health and police requirements; and repair of exterior damages to improvements. In the event that the Board of Directors determines that any Owner has failed or refused to discharge properly any of such Owner's obligations with regard to the maintenance, repair or replacement of items for which such Owner is responsible hereunder, the Association shall, except in an emergency situation, give the Owner written notice of the Association's intent to provide such necessary maintenance, repair or replacement at the Owner's sole cost and expense. The notice shall set forth with reasonable particularity the maintenance, repair or replacement deemed necessary. The Owner shall have ten (10) days after receipt of such notice within which to complete such maintenance, repair or replacement, or, in the event that such maintenance, repair or replacement is not capable of completion within a ten (10) day period, to commence such work which shall be completed within a reasonable time. If any Owner does not comply with the provisions hereof, the Association may

provide any such maintenance, repair or replacement and all costs thereof shall be assessed against the Owner and the Lot as a specific assessment. This provision shall not apply to any Lot(s) owned by the Declarant, unless improved with a dwelling and occupied as a residence.

5.3 Conveyance of Common Property by Declarant to Association: No Implied Rights. The Declarant may transfer or convey to the Association at any time and from time to time any personal property and any interest in improved or unimproved real property. Such conveyance shall be deemed to be accepted by the Association upon delivery of any personal property or upon recordation of an instrument of conveyance of any interest in real property, and the property shall thereafter be Common Property to be used and maintained by the Association for the benefit of its members. The Association hereby constitutes and appoints Declarant as its agent and attorney-in-fact to accept on behalf of the Association any such conveyance to the Association and to execute on behalf of the Association any and all documents, including, without limitation, deeds and transfer tax declaration forms, necessary or convenient to effectuate and document any such conveyance to the Association. The power and agency hereby granted are coupled with an interest and are irrevocable by death or otherwise. The Declarant shall not be required to make any improvements whatsoever to property to be conveyed and accepted pursuant to this Section and shall have no duty or obligation to convey any property or property rights to the Association regardless of whether or not any such property has been made available for the use of Owners. The Declarant may impose or reserve, by lease, license, easement or otherwise such rights of use and enjoyment in and to all or any portion of the property so conveyed as Declarant may reasonably require so long as such imposition or reservation is not materially inconsistent with the overall scheme of development for the Community. Neither the recordation of any subdivision plat nor the use by the Owners or maintenance by the Association of any property shall create any rights, easements or licenses, in the Association or the Owners, express or implied, unless and until any such property rights, easements or licenses are conveyed by the Declarant to the Association or the Owners, as the case may be, by an instrument recorded in the real estate records of the County where the property is located.

5.4 Partition. The Common Property shall remain undivided and no Owner shall bring any action for partition or division of the whole or any part thereof without the written consent of all Owners of all portions of the property located within the Community and without the written consent of all holders of all Mortgages encumbering any portion of the property, including, but not limited to, the Lots located within the Community.

5.5 Condemnation. In the event of a taking by eminent domain of any portion of the Common Property on which improvements have been constructed, the Association shall restore or replace such improvements so taken on the remaining Common Property, unless within sixty (60) days after such taking, an alternative plan is approved by at least 75% of the Total Association Vote and the consent of Declarant. The provisions of this Declaration applicable to replacement or restoration of damaged improvements on the Common property shall also apply to and govern the actions to be taken in the event that the improvements are not restored or replaced after a condemnation.

5.6 Liability. Owners, occupants and their guests shall use and enjoy the Common Property, green space and any Park maintained by the Association at their own risk and shall assume sole responsibility for their personal belongings used or stored there. The Association, the Declarant and their respective officers, directors, employees, representatives and agents shall not be held liable for personal injury to any person, nor for loss or damage to personal belongings used or stored on any of the foregoing property. The Association shall not be liable for injury or damage to any person or property (a) caused by the elements or by an Owner or any other person, (b) resulting from any rain or other surface water which may leak or flow from any street, pipe, plumbing, drain, conduit, appliance, equipment, security system, or utility line or facility, the responsibility for the maintenance of which is that of the Association, or (c) caused by any street, pipe, plumbing, drain, conduit, appliance, equipment, security system, or utility line or facility, the responsibility for the maintenance of which is that of the Association, becoming out of repair. Nor shall the Association be liable to any Owner or occupant for loss or damage, by theft or otherwise, of any property of such Owner or occupant.

ARTICLE 6 ARCHITECTURAL STANDARDS

6.1 General. No exterior construction, alteration or addition of any improvements of any nature whatsoever (including, without limitation, staking, clearing, excavating, grading, filling, construction of impervious surface, building, exterior alteration of existing improvements, change in the exterior color of any existing improvement and planting and removal of landscaping materials), shall be commenced or placed upon any part of the Community unless installed by the Declarant or an affiliate of the Declarant, approved in accordance with this Article, or otherwise expressly permitted under this Declaration. Any Owner may remodel, paint or redecorate the interior of structures on the Lot without approval hereunder. However, modifications to the interior of porches, patios and similar portions of a structure visible from outside the Lot shall be subject to approval. No approval shall be required to repaint the exterior of a structure in accordance with the originally approved color scheme or to rebuild in accordance with originally approved plans and specifications. This Article shall not apply to the activities of the Declarant, affiliates of the Declarant, nor to improvements to the Common Property by or on behalf of the Association. This Article may not be amended without the written consent of the Declarant until each Lot has been improved with a dwelling for which a certificate of occupancy has been issued.

6.2 Design Guidelines. Except as provided above, no exterior construction, addition or alteration shall be made unless and until plans and specifications shall have been submitted in writing to and approved by the Declarant or such person as Declarant shall from time to time designate by recording a written statement to such effect in the records of the Office of the Judge of Probate of Baldwin County, Alabama. Such plans and specifications shall be of sufficient detail to allow the Declarant to make its review and to the extent required by the Declarant shall show the nature, kind, shape, height, materials and location of the proposed improvement. Attached as Exhibit "C" are the initial Oldfield Residential Design Guidelines ("the Design Guidelines"), which contain design and development guidelines and application and review procedures. The Declarant

shall have sole and full authority to amend, from time to time at its sole discretion and without notice, the Design Guidelines, and without limiting the foregoing general right to amend the Design Guidelines, the Declarant specifically reserves the right to create one or more additional classes of Lots for purposes of minimum enclosed livable area.. The Declarant shall, upon written request, make the then current Design Guidelines available to Owners and builders who seek to engage in construction upon all or any portion of the Community and such Owners and builders shall conduct their operations strictly in accordance therewith. If the Declarant fails to approve or to disapprove submitted plans and specifications within thirty (30) days after receipt of all required plans and specifications, such approval shall be deemed to have been denied. As a condition of approval under this Article, each Owner, on behalf of such Owner and such Owner's successors-in-interest, shall assume all responsibilities for maintenance, repair, replacement and insurance to and on any improvement, change, modification, addition or alteration. The Declarant shall be the sole arbiter of such plans and may withhold approval for any reason, including, without limitation, purely aesthetic considerations, and it shall be entitled to stop any construction in violation of these restrictions. The Declarant and its representatives shall have the right, during reasonable hours and after reasonable notice, to enter upon any property in the Community to inspect for the purpose of ascertaining whether or not these restrictive covenants have been or are being complied with. Such persons shall not be deemed guilty of trespass by reason of such entry. If construction does not commence on a project for which plans have been approved within twelve (12) months of such approval, such approval shall be deemed withdrawn, and it shall be necessary for the Owner to resubmit the plans to the Declarant for reconsideration.

6.3 Limitation of Liability. Plans and specifications are not approved for engineering or structural design or quality of materials and by approving such plans and specifications, neither the Declarant nor its designee assumes any liability or responsibility therefor or for any defect in any structure constructed from such plans and specifications. Neither Declarant, the Declarant's designee, the Association, nor the officers, directors, members, employees and agents of any of them shall be liable in damages to anyone submitting plans and specifications to any of them for approval or to any Owner of property affected by these restrictions by reason of mistake in judgment, negligence or nonfeasance arising out of or in connection with the approval or disapproval or failure to approve or disapprove any such plans or specifications. Every person who submits plans and specifications and every Owner agrees that such Person or Owner will not bring any action or suit against Declarant, its designee, the Association or the officers, directors, members, employees and agents of any of them to recover any damages and hereby releases, remises, quitclaims and covenants not to sue for all claims, demands and causes of action arising out of or in connection with any judgment, negligence, or nonfeasance and hereby waives the provisions of any law which provides that a general release does not extend to claims, demands and causes of action not known at the time the release is given.

6.4 No Waiver. The approval of the Declarant of any proposals or plans and specifications or drawings for any work done or proposed, or in connection with any other matter requiring approval or consent of the Declarant, shall not be deemed to constitute a waiver of any right to withhold approval or consent as to any similar proposals, plans and specifications or drawings or matters whatever subsequently or additionally submitted for approval or consent.

6.5 Variances. Notwithstanding anything to the contrary contained herein, the Declarant shall be authorized to grant individual variances from any of the provisions of this Declaration and the Design Guidelines if it determines that waiver of application or enforcement of the provision in a particular case is dictated by unique circumstances, such as, but not limited to, topography, natural obstructions, hardship, aesthetic considerations or environmental considerations and would not be inconsistent with the overall scheme of development for the Community. No variance shall (a) be effective unless in writing, (b) be inconsistent with the overall scheme of development for the Community, or (c) prevent the Declarant from denying a variance in other similar circumstances. For purposes of this provision, the inability to obtain approval of any governmental agency or the issuance of any permit, or the terms of any financing shall not be considered a hardship warranting a variance.

6.6 Enforcement. Any structure or improvement placed or made in violation of this Article shall be deemed to be nonconforming. Upon written request from the Declarant, Owners shall, at their own cost and expense, remove such nonconforming structure or improvement and restore the land to substantially the same condition as existed prior to the nonconforming work. Should an Owner fail to remove and restore as required, the Declarant and its agents shall have the right to enter the property, remove the nonconforming structure or improvement, and restore the property to substantially the same condition as previously existed. All costs, including, without limitation, attorney's fees, may be assessed against the Lot as a specific assessment. Any contractor, subcontractor, agent, employee or other invitee of an Owner who fails to comply with the terms and provisions of this Article and the Design Guidelines may be excluded by the Declarant from the Community, subject to any applicable notice and hearing procedures contained in the Bylaws. In such event, neither the Declarant, the Association nor the officers, directors, members, employees and agents of any of them shall be held liable to any person for recording in the appropriate land records a notice of violation hereunder naming the violating Owner. In addition to the foregoing, the Declarant shall have the authority and standing to pursue any and all remedies available at law and equity to enforce the provisions of this Article.

6.7 Architectural Review Board. Until each Lot has been improved with a dwelling for which a certificate of occupancy has been issued, the Declarant shall have the sole right, power and authority under this Article. There shall be no surrender of this right except in a written instrument in recordable form executed by Declarant and recorded in the records of the Office of the Judge of Probate of Baldwin County, Alabama. Upon expiration or earlier surrender in writing of all or a portion of such right and authority, the Board of Directors shall appoint an Architectural Review Board of the Association, which shall then have such jurisdiction over architectural control under this Article as may have been relinquished by the Declarant. The Declarant may in its sole discretion relinquish architectural control as to certain types of improvements or modifications to the Architectural Review Board while retaining control over all other building and construction in the Community. For example and without limitation, the Declarant may relinquish control over modifications of existing structures to the Architectural Review Board while retaining all authority to review and approve new home construction. Any right, power or authority of the Declarant which may be relinquished to the Association prior to the termination of the rights of Declarant hereunder

shall be by written recorded instrument only and no such right, power or authority shall be relinquished by implication or otherwise. The establishment of an advisory Architectural Review Board shall not be deemed to be a relinquishment by Declarant of any of its right, power and authority hereunder. After the termination of all rights of Declarant hereunder, the Architectural Review Board shall have all right, power and authority to review and approve building and construction activity within the Community hereunder and this Article shall then be read and interpreted as if any reference to the Declarant in this Article 6 were a reference to the Architectural Review Board.

6.8 Construction Progress. Once construction on any Lot commences, the Owner thereof shall proceed to complete such construction with reasonable dispatch and in no event, subject only to weather events not within such Owner's control, shall such construction take more than eighteen (18) months.

ARTICLE 7 USE RESTRICTIONS AND RULES

7.1 Rules and Regulations. The Board of Directors may, from time to time, with the consent of Declarant and without a vote of the members, promulgate, modify or delete rules and regulations applicable to the Community. Such rules and regulations shall be distributed to all Owners prior to the date that they are to become effective and shall thereafter be binding upon all Owners and occupants until and unless overruled, canceled or modified by the Declarant during the Period of Declarant Control, or after such Period, by a majority of the Total Association Vote and the consent of Declarant.

7.2 Residential Use. Each Lot shall be used for residential purposes exclusively. Leasing of a Lot for residential occupancy shall not be considered a business or business activity. No trade or business of any kind may be conducted in or from a Lot, except that the Owner or occupant in residence at the Lot may conduct business activities within the house so long as the business activity: (a) does not otherwise violate the provisions of the Declaration or Bylaws; (b) is not apparent from the exterior of the Lot; (c) does not unduly increase traffic flow or parking congestion; (d) conforms to all zoning requirements for the Community; (e) does not increase the insurance premium paid by the Association or otherwise negatively affect the ability of the Association to obtain insurance coverage; (f) is consistent with the residential character of the Community; (g) does not constitute a nuisance or a hazardous or offensive use; and (h) does not threaten the security or safety of other residents of the Community, all as may be determined by each case in the sole discretion of the Board of Directors. The Board may issue rules regarding permitted business activities. The terms "business" and "trade" as used in this provision, shall be construed to have their ordinary, generally accepted meanings and shall include, without limitation, any occupation, work or activity undertaken on an ongoing basis which involves the provision of goods or services to persons other than the provider's family and for which the provider receives a fee, compensation, or other form of consideration, regardless of whether: (x) the activity is engaged in full or part-time; (y) the activity is intended to or does generate a profit; or (z) a license is required for the activity.

7.3 Signs. No sign of any kind shall be erected within the Community without the prior written consent of the Declarant or, after the termination of the rights of Declarant hereunder, the Architectural Review Board. Notwithstanding the foregoing, the Board and the Declarant shall have the right to erect reasonable and appropriate signs. For-Sale signs and security signs consistent with the Community-Wide Standard and any signs required by legal proceedings may be erected upon any Lot. The provisions of this section shall not apply to any Mortgagee in possession due to foreclosure of a first Mortgage or as grantee pursuant to any deed in lieu of such foreclosure. The Board may impose a fine of One Hundred and Fifty and no/100 Dollars (\$150.00) for display of any sign in violation of this provision which is not removed within twenty-four hours after written demand is delivered to the Owner at that Lot. Sign prohibitions shall not apply to Declarant.

All parking shall be subject to such rules and regulations as the Board may adopt. The term "vehicles", as used herein, shall include, without limitation, motor homes, boats, trailers, motorcycles, minibikes, scooters, go-carts, golf carts, trucks, campers, buses, vans and automobiles. The term "commercial vehicles" as used herein, shall include, without limitation, any vehicle which bears any indicia of commercial use, including, but not limited to, writing, logos, or which would not be primarily used for the transportation of passengers. The term "parking areas" shall refer to the number of garage parking spaces and if and only if, the occupants of a Lot have more vehicles than the number of garage parking spaces, those excess vehicles which are an occupant's primary means of transportation on a regular basis may be parked on the driveway on the Lot. All homes shall contain a garage; carports shall not be permitted. Garage doors should be kept closed at all times, except during times of ingress and egress from the garage. No vehicle may be left upon any portion of the Community, except in a garage or other area designated by the Board, if it is not licensed or if it is in a condition such that it is incapable of being operated upon the public highways. Such vehicle may be removed from the Community by the Board of Directors. Any towed vehicle, boat, personal water craft, recreational vehicle, motor home, trailer, motorcycle, minibike, scooter, go-cart, camper, bus or mobile home regularly stored in the Community or temporarily kept in the Community, except if kept in a garage or other area designated by the Board, for periods longer than 48 hours may be removed from the Community by the Board of Directors. Trucks with mounted campers which are used as a primary means of transportation shall not be considered recreational vehicles provided they are used on a regular basis for transportation and the camper is stored out of public view upon removal. Commercial vehicles shall not be permitted on any Common Property or any Lot, except if kept in an enclosed garage; provided construction, service, and delivery vehicles shall be exempt from this provision for such period of time as is reasonably necessary to provide service or to make a delivery to a Lot or the Common Property.

7.5 Leasing. Homes in the community may be leased for residential purposes. Unless otherwise provided by the Board of Directors, all leases shall have a minimum term of at least six months. All leases shall require, without limitation, that the occupants acknowledge receipt of a copy of the Declaration, Bylaws, use restrictions and rules and regulations of the Association. The lease shall also obligate the occupants to comply with the foregoing.

7.6 Animals and Pets. No animals, livestock or poultry of any kind may be raised, bred, kept or permitted on any Lot, with the exception of dogs, cats or other usual and common household pets in reasonable number as determined by the Board. No exterior pens for household pets shall be erected or maintained on any Lot unless approved in accordance with the provisions of Article 6 hereof. No animals shall be kept for commercial purposes nor be allowed to create or cause any disturbance or nuisance of any kind. The owner of any pet must at all times while the pet is outside maintain hand leash and immediate control over such Owner's pet and shall promptly clean up after any mess made by such pet. Dogs are allowed outside without hand-leash control when constrained by any permitted fence or by a so-called "invisible fence". The owner of any pet shall be liable for any and all damage caused by such animal to any property within the Community. Dogs may be walked only in areas designated by the Declarant or the Association.

7.7 Nuisance. It shall be the responsibility of each Owner and occupant to prevent the development of any unclean, unhealthy, unsightly or unkempt condition on a Lot. No property within the Community shall be used, in whole or in part, for the storage of any property or thing that will cause such Lot to appear to be in an unclean or untidy condition or that will be obnoxious to the eye; nor shall any substance, thing or material be kept that will emit foul or obnoxious odors or that will cause any noise or other condition that will or might disturb the peace, quiet, safety, comfort or serenity of the occupants of surrounding property. No noxious or offensive activity shall be carried on within the Community, nor shall anything be done tending to cause embarrassment, discomfort, annoyance or nuisance to any person using any property within the Community. No plants, animals, device or thing of any sort shall be maintained in the Community whose activities or existence is in any way noxious, dangerous, unsightly, unpleasant or of a nature as may diminish or destroy the enjoyment of the Community by other Owners and occupants. Without limiting the generality of the foregoing, no speaker, horn, whistle, siren, bell, amplifier or other sound device, except such devices as may be used exclusively for security purposes, shall be located, installed or maintained upon the exterior of any Lot. This provision shall not apply to any Lot(s) owned by the Declarant.

7.8 Unsightly or Unkempt Conditions. The pursuit of hobbies or other activities, including specifically, without limiting the generality of the foregoing, the assembly and disassembly of motor vehicles and other mechanical devices, which might tend to cause disorderly, unsightly or unkempt conditions, shall not be pursued or undertaken in any part of the Community.

7.10 Tree Removal. No trees that are more than four (4) inches in diameter at a point twelve (12) inches above the ground and no ornamental or flowering trees, including, but not limited to, dogwood trees, cottonwood trees, cherry trees or apple trees, regardless of diameter, shall be removed without the prior written consent of the approving authority under Article 6 hereof. No obstructions or debris shall be placed in these areas. Declarant, however, hereby expressly reserves the right to subdivide and/or revise and re-record the subdivision plat of any Lot(s) with the consent of the Owner of the affected Lot(s) and to approve the revision and re-recording of any plat of any Lot(s) owned by any builder or developer, including, but not limited to, changing any Lot to Common Property or creating a public or private street over any Lot or property that was formerly a Lot, without the consent of any person, other than the Owner(s) of such Lot(s).

7.28 National Pollutant Discharge Elimination System Permit. The Owner of each Lot shall, with respect to construction or other land-disturbance activity on such Lot, be responsible for taking such measures as are required by any applicable Alabama Department of Environmental Management ("ADEM") National Pollutant Discharge Elimination System Permit ("the Permit") and/or by applicable laws and regulations related to preventing sediment or other pollutants and storm water run-off from leaving the construction site or associated areas. Immediate measures to control sedimentation include use of silt fences, staked hay bale rows, netting or mesh, rock filter check dams, etc. If necessary, small catch basins should be constructed to control sediment run-off. Immediate measures to control erosion include applying hay mulch, seeding with temporary grass mix, hydro-seeding, reducing slopes, netting or mesh, cover with gravel or rock, etc. Long-term measures such as proper grading and permanent revegetation should be done as soon as possible. Each Owner shall indemnify and hold Declarant harmless from such Owner's failure to take such measures. In no event shall any owner use the lake water as a source for a private well or irrigation. No lakefront owner shall construct a wharf, pier, dock, jetty, bulkhead, or other structure on or along the lake.

ARTICLE 8 INSURANCE AND CASUALTY LOSSES

8.1 Insurance on Common Property. The Association shall obtain the insurance coverage necessary to satisfy the requirements of the Federal Home Loan Mortgage Corporation, the Federal National Mortgage Association, the U.S. Department of Veterans Affairs, and the U.S. Department of Housing and Urban Development, as applicable to the Community. Accordingly, the Board of Directors shall obtain casualty insurance for all insurable improvements, whether or not located on the Common Property, which the Association is obligated to maintain. This insurance shall provide, at a minimum, fire and extended coverage and shall be in an amount sufficient to cover the full replacement cost of any repair or reconstruction in the event of damage or destruction from any such hazard. The Board of Directors shall obtain a public liability policy applicable to the Common Property covering the Association and its members for all damage or injury caused by the negligence of the Association or any of its members or agents, and, if reasonably available, directors' and officers' liability insurance. The public liability policy shall have a combined single limit of at least One Million Dollars (\$1,000,000.00). Policies may contain a reasonable deductible as determined by the Board of Directors. In addition to the other insurance required by this section, the Board of Directors shall obtain worker's compensation insurance, if and to the extent necessary to satisfy the requirements of applicable laws, and a fidelity bond or bonds on directors, officers, employees and other persons handling or responsible for the Association's funds, if reasonably available. If obtained, the amount of fidelity coverage shall cover the maximum funds that will be in the custody of the Association or its management agent at any time while the policy is in force, or any lesser amount of fidelity coverage allowable under the applicable Fannie Mae guidelines. Fidelity coverage shall contain a waiver of all defenses based upon the exclusion of persons serving without compensation. All such insurance coverage shall be written in the name of the Association.

8.2 Individual Insurance. By virtue of taking title to a Lot subject to the terms of this Declaration, each Owner acknowledges that the Association has no obligation to provide any insurance for any portion of individual Lots and each Owner covenants and agrees with all other Owners and with the Association that each Owner shall carry all-risk casualty insurance on the Lot and all structures constructed thereon and a liability policy covering damage or injury occurring on a Lot. The casualty insurance shall cover loss or damage by fire and other hazards commonly insured under an all-risk policy, if reasonably available and shall be in an amount sufficient to cover

the full replacement cost of any repair or reconstruction in the event of damage or destruction from any such hazard. The policies required hereunder shall be in effect at all times.

8.3 Damage and Destruction – Insured by Association. Not later than ninety (90) days after damage or destruction by fire or other casualty to any portion of any improvement covered by insurance written in the name of the Association, the Board of Directors or its duly authorized agent shall proceed with the filing and adjustment of all claims arising under such insurance and obtain reliable and detailed estimates of the cost of repair or reconstruction of the damaged or destroyed property. Repair or reconstruction, as used in this Section, means repairing or restoring the property to substantially the same condition and location that existed prior to the fire or other casualty, allowing for any changes or improvements necessitated by changes in applicable building codes. Any damage or destruction to property covered by insurance written in the name of the Association shall be repaired or reconstructed unless, within 120 days after the casualty, a proposal not to repair or reconstruct such property is approved by the Declarant during the Period of Declarant Control, or, after such Period, by at least seventy-five percent (75%) of the Total Association Vote and the Declarant. If for any reason either the amount of the insurance proceeds to be paid as a result of such damage or destruction, or reliable and detailed estimates of the cost of repair or reconstruction, or both, are not made available to the Association within such period, then the period shall be extended until such information shall be made available; provided, however, such extension shall not exceed one hundred eighty (180) days. If the damage or destruction for which the insurance proceeds are paid is to be repaired or reconstructed and such proceeds are not sufficient to defray the cost thereof, the Board of Directors shall, without the necessity of a vote of the members of the Association, levy a special assessment against the Owner of each Lot. Additional assessments may be made in like manner, as necessary, at any time during or following the completion of any repair or reconstruction. If the funds available from insurance exceed the costs of repair or reconstruction or if the improvements are not repaired or reconstructed, such excess shall be deposited to the benefit of the Association. In the event that it should be determined by the Association in the manner described above that the damage or destruction shall not be repaired or reconstructed and no alternative improvements are authorized, the property shall thereafter be maintained by the Association in a neat and attractive condition.

8.4 Damage and Destruction – Insured by Owners. The damage or destruction by fire or other casualty to all or any portion of any improvement on a Lot shall be repaired by the Owner thereof within ninety (90) days after such damage or destruction or, where repairs cannot be completed within ninety (90) days, they shall be commenced within such period and shall be completed within a reasonable time thereafter. Alternatively, the Owner may elect to demolish all improvements on the Lot and remove all debris therefrom within ninety (90) days after such damage or destruction.

ARTICLE 9
MORTGAGEE PROVISIONS

9.1 Notices of Action. An institutional holder, insurer, or guarantor of a first Mortgage, who provides a written request to the Association (such request to state the name and address of such holder, insurer, or guarantor and the Lot number, therefore becoming an “eligible holder”), will be entitled to timely written notice of: (a) any condemnation loss or any casualty loss which affects a material portion of the Community or which affects any Lot on which there is a first Mortgage held, insured, or guaranteed by such eligible holder; (b) any delinquency in the payment of assessments or charges owed by an Owner of a Lot subject to the Mortgage of such eligible holder, where such delinquency has continued for a period of sixty (60) days; provided, however, notwithstanding this provision, any holder of a first Mortgage, upon request, is entitled to written notice from the Association of any default in the performance by the Owner of the encumbered Lot of any obligation under the Declaration or Bylaws of the Association which is not cured within sixty (60) days; and (c) any lapse, cancellation, or material modification of any insurance policy maintained by the Association.

9.2 Audit. Upon written request of any institutional holder of a first Mortgage and upon payment of all necessary costs, such holder shall be entitled to receive a copy of audited financial statements of the Association within ninety (90) days of the date of the request.

9.3 No Priority. No provision of this Declaration or the Bylaws gives any Owner or other party priority over any rights of a Mortgagee of any Lot in the case of distribution to such Owner of insurance proceeds or condemnation awards for losses to or a taking of the Common Property.

ARTICLE 10
EASEMENTS

10.1 General. Each Lot shall be subject to those easements, if any, shown or set forth on the recorded subdivision plat(s) for the Community, as amended from time to time as well as the easements now or hereafter established by the Declarant in this Declaration or by any other documents recorded in the Office of Judge or Probate of Baldwin County, Alabama.

10.2 Easements for Use and Enjoyment. Every Owner shall have a right and easement of ingress and egress, use and enjoyment by the Owner and the Occupants of the Owner’s Lot in and to the Common Property which shall be appurtenant to and shall pass with the title to each Lot, subject to the following:

- (a) the right of the Association to suspend the right of an Owner to use the Community recreational facilities, if any, for any period during which any past due assessment against any Lot of the Owner remains unpaid; and, for a reasonable period of time for an infraction of the Declaration, Bylaws or rules and regulations;

- (b) the right of the Association to borrow money for the purpose of improving the Common Property, or any portion thereof, or for construction, repairing or improving any facilities located or to be located thereon and, upon the affirmative vote of the Owners of at least two-thirds (2/3) of the Lots (other than Declarant) and the consent of Declarant, to give as security for the payment of any such loan a Mortgage conveying all or any portion of the Common Property; provided, however, the lien and encumbrance of any such Mortgage given by the Association shall be subject and subordinate to any rights, interests, options, easements and privileges herein reserved or established for the benefit of Declarant or any Owner or the holder of any Mortgage encumbering any Lot or other property located within the Community. (Regardless of any contrary provision in this Declaration or in any such Mortgage given by the Association, the exercise of any rights by the holder of such Mortgage in the event of a default thereunder shall not cancel or terminate any rights, easements or privileges herein reserved or established for the benefit of Declarant or any Owner or the holder of any Mortgage encumbering any Lot or other property located within the Community.);
- (c) the right of the Association, acting through the Board of Directors and without a vote of the members, to dedicate or grant licenses, permits, easements and rights-of-way over, under and through the Common Property;
- (d) the right of the Association to dedicate or transfer all or any portion of the Common Property upon the approval of the Owners of at least two-thirds (2/3) of the Lots (other than Declarant) and the Declarant;
- (e) all other rights of the Association, the Declarant, Owners and Occupants set forth in this Declaration or in any deed conveying Common Property to the Association; and
- (f) all encumbrances and other matters shown by the public records affecting title to the Common Property.

10.3 Easements for Utilities. There is hereby reserved to the Declarant and granted to the Association a blanket easement upon, across, above and under all property within the Community for access, ingress, egress, installation, alteration, repairing, replacing, and maintaining all utilities serving the Community or any portion thereof, including, but not limited to, gas, water, sanitary sewer, telephone and electricity, as well as storm drainage and any other service such as, but not limited to, a master television antenna system, cable television system, or security system which the Declarant or the Association might decide to have installed to serve the Community. Declarant, the Association or the designee of either, as the case may be, may alter drainage and water flow, install, repair, replace and maintain or authorize the installation, repairing, replacing and maintaining of such wires, conduits, cables and other equipment related to the providing of any utility or service. Should

any party furnishing any such utility or service request a specific license or easement by separate recordable document, the Declarant or the Board shall have the right to grant such easement.

10.4 Easement for Emergency Entry. The Association shall have the right, but not the obligation, to enter upon any Lot for emergency, security and safety reasons and to inspect for the purpose of ensuring compliance with this Declaration, any Supplemental Declaration, Bylaws, and rules, which right may be exercised by any member of the Board, the officers, agents, employees, and managers of the Association and all policemen, firemen, ambulance personnel, and similar emergency personnel in the performance of their respective duties. Except in an emergency situation, entry shall only be during reasonable hours and after notice to the Owner. This right of entry shall include the right of the Association to enter upon any Lot to cure any condition which may increase the possibility of a fire, slope erosion or other hazard in an emergency situation and in the event an Owner fails or refuses to cure the condition within a reasonable time after requested by the Association, but shall not authorize entry into any single family dwelling without permission of the Owner.

10.5 Easement for Maintenance. Declarant hereby grants to the Association a perpetual easement across the exterior portions of all Lots as may be reasonably necessary for the maintenance required hereunder. Such maintenance shall be performed with a minimum of interference to the quiet enjoyment to Lots, reasonable steps shall be taken to protect such property and damage shall be repaired by the Association or its contractors at their sole expense.

10.6 Easement for Entry Features. There is hereby reserved to the Declarant and granted to the Association an easement for ingress, egress, installation, construction landscaping and maintenance of entry features for the Community, over and upon any portion of a Lot containing such entry features as may be more fully described on a recorded subdivision plat for the Community. The easement and right herein reserved shall include the right to cut, remove and plant trees, shrubbery, flowers and other vegetation around entry features and the right to grade the land under and around the same.

10.7 Easement for Drainage. There is hereby reserved to the Declarant and granted to the Association a blanket easement across all Lots for creating and maintaining satisfactory storm water drainage in the Community; provided, however, such easement area shall not include any portion of a Lot within the outer perimeter of the dwelling structure. This easement shall include the right to construct and maintain catch basins, retention ponds, detention ponds, drainage swales, storm sewers, storm drains, sloping banks, cut or fill. It is anticipated that increased storm water run-off across downstream Lots will result from the construction of impervious surface on Lots. Neither the Declarant, the Association nor any builder or Owner constructing according to plans and specifications approved under Article 6 hereof shall have any liability to any Owner due to the increased flow or increased velocity of surface water resulting from approved construction on a Lot.

10.8 Easement During Construction and Sale Period. Notwithstanding any provisions now or hereafter contained in this Declaration, the Bylaws, Articles of Incorporation, use restrictions, rules and regulations, Design Guidelines, and amendments thereto, Declarant reserves an easement

across the Community for Declarant to maintain and carry on, upon such portion of the Community as Declarant may reasonably deem necessary, such facilities and activities as in the sole opinion of Declarant may be required or convenient for Declarant's development, construction and sales activities related to property hereby and hereafter subjected to this Declaration or nearby property being developed by Declarant including, but not limited to: the right of access, ingress and egress for vehicular and pedestrian traffic and construction activities over, under, on or in the Community, including, without limitation, any Lot; the right to tie into any portion of the Community with streets, driveways, paths, parking areas and walkways; the right to tie into and/or otherwise connect and use (without a tap-on or any other fee for so doing), replace, relocate, maintain and repair any device which provides utility or similar services including, without limitation, electrical, telephone, cable television, natural gas, water, sewer and drainage lines and facilities constructed or installed in, on, under and/or over the Community; the right to grant easements over, under, in or on the Community, including without limitation the Lots, for the benefit of neighboring properties for the purpose of tying into and/or otherwise connecting and using sewer and drainage lines and facilities constructed or installed in, on, under and/or over the Community; the right to convert Lots (with the consent of the Owner thereof) to Common Property and/or streets; the right to construct recreational facilities, utilities and other improvements on Common Property; the right to carry on sales and promotional activities in the Community; and the right to construct and operate business offices, signs, construction trailers, model residences and sales offices. Declarant may use residences, offices or other buildings owned or leased by Declarant as model residences and sales offices without charge. Declarant may also use, without charge, such space or area(s) within any Common Property, including within any clubhouse and/or other buildings that are part of the Common Property for Declarant's sales, development, and administrative purposes. This Section shall not be amended without the Declarant's written consent until the Declarant's rights hereunder have terminated as herein provided.

ARTICLE 11 GENERAL PROVISIONS

11.1 Enforcement. Each Owner and Occupant shall comply strictly with the Bylaws, rules and regulations and use restrictions, as amended or modified from time to time, and with the covenants, conditions, easements and restrictions set forth in this Declaration, the recorded subdivision plats for the Community and in the deed to such Owner's Lot, if any. The Board of Directors may impose fines or other sanctions for violations of the foregoing, which shall be collected as provided herein for the collection of assessments. Failure to comply with this Declaration, the Bylaws or the rules and regulations shall be grounds for an action to recover sums due for damages or injunctive relief or both, maintainable by the Association, the Declarant or an aggrieved Owner. Failure by the Declarant, the Association or any Owner to enforce any of the foregoing shall in no event be deemed a waiver of the right to do so thereafter. The Association shall have the right to record in the appropriate land records a notice of violation of the Declaration, Bylaws, rules and regulations, use restrictions or Design Guidelines and to assess the cost of recording and removing such notice against the Lot of the Owner who is responsible (or whose Occupants are responsible) for violating the foregoing.

11.2 Occupants Bound. All provisions of the Declaration, Bylaws, rules and regulations, use restrictions and the Design Guidelines which govern the conduct of Owners and which provide for sanctions against Owners shall also apply to all Occupants and the guests and invites of Owners and Occupants. The Owner shall be responsible for insuring that the Occupants, the guests, invites and licensees of the Owner and Occupant strictly comply with all provisions of the Declaration, Bylaws, rules and regulations, use restrictions and the Design Guidelines. Fines may be levied against Owners or Occupants. If a fine is first levied against an Occupant and is not timely paid, the fine may then be levied against the Owner.

11.3 Self-Help. In addition to any other remedies provided for herein, the Association, the Declarant, the Architectural Review Board or their respective duly authorized agents shall have the power to enter upon any Lot or any other portion of the Community to abate or remove any structure, thing or condition which violates this Declaration, the Bylaws, the rules and regulations or the use restrictions. Unless an emergency situation exists, the violating Owner shall be given ten (10) days written notice of the intent to exercise self-help. Notwithstanding the foregoing, vehicles may be towed after giving any notice required by law. All costs of self-help, including, without limitation, reasonable attorney's fees actually incurred, shall be assessed against the violating Owner as a specific assessment.

11.4 Duration. The covenants, conditions, restrictions and easements contained in this Declaration shall run with and bind the Community, and shall inure to the benefit of and shall be enforceable by the Association, the Declarant and any Owner, their respective legal representatives, heirs, successors, and assigns, perpetually to the extent provided by law; provided, however, if and to the extent that, Alabama law limits the period during which covenants restricting land to certain uses may run, any provisions of this Declaration affected thereby shall run with and bind the land so long as permitted by such law, after which time, any such provision(s) shall be (a) automatically extended for successive periods of twenty (20) years (or the maximum period allowed by applicable law, if less), unless a written instrument signed by the then Owners of at least two-thirds (2/3) of the Lots has been recorded within the year immediately preceding the beginning of a twenty (20) year renewal period agreeing to change such provisions, in whole or in part, or to terminate the same, in which case this Declaration shall be modified or terminated to the extent specified therein; or (b) extended, renewed, modified or terminated as otherwise provided herein or by applicable law.

11.5 Termination of Rights of Declarant. The rights of Declarant to take, approve or consent to actions under this Declaration, the Articles of Incorporation and the Bylaws shall cease and be of no further force and effect upon the earliest of: (a) the date that is twenty-five (25) years after the recording of this Declaration; (b) when all Lots then included in the Community shall have been conveyed by Declarant, residences have been constructed on all of such Lots, and Declarant has not annexed any Potential Additional Land into the Community for a period of ten (10) years; or (c) the date of recording by Declarant in the real estate records of Baldwin County a written instrument terminating all of Declarant's rights hereunder.

11.6. Amendment. This Declaration may be amended unilaterally at any time and from time to time by Declarant (a) if such amendment is necessary to bring any provision hereof into compliance with any applicable governmental statute, rule or regulation or judicial determination which shall be in conflict therewith; (b) if such amendment is necessary to enable any reputable title insurance company to issue title insurance coverage with respect to the Lots subject to this Declaration; (c) if such amendment is required by an institutional or governmental lender or purchaser of mortgage loans, including, without limitation, the Federal National Mortgage Association or the Federal Home Loan Mortgage Corporation, to enable such lender or purchaser to make or purchase Mortgage loans on the Lots subject to this Declaration; or (d) if such amendment is necessary to enable any governmental agency or private insurance company, including, without limitation, the U.S. Department of Housing and Urban Development and the U. S. Department of Veterans Affairs, to insure or guarantee Mortgage loans on the Lots subject to this Declaration; provided, however, any such amendment shall not adversely affect the title to any Lot unless the Owner of such lot consents thereto in writing. Further, Declarant may unilaterally amend this Declaration for any other purpose; provided, however, any such amendment shall not materially adversely affect the substantive rights of any Owners hereunder, as Declarant shall determine in its good faith judgment, nor shall it adversely affect title to any Lot without the consent of the affected Owner. In addition to the above, this Declaration may be amended upon the affirmative vote or written consent of the Owners of at least two-thirds (2/3) of the Lots then subject to this Declaration and the consent of Declarant, which such consent shall be a prerequisite for any amendment unless and until Declarant relinquishes such power by a signed, recorded release. Amendments to this Declaration shall become effective upon recordation unless a later effective date is specified therein. The consent of the Declarant to any amendment shall be evidenced by the execution of said amendment by Declarant. The consent of the requisite number of Owners to any amendment shall be evidenced by the execution of the amendment by said Owners, or, in the alternative, the sworn statement of the President or any Vice President or the Secretary of the Association attached to or incorporated in the amendment, which sworn statement states unequivocally that the consent of the required number of Owners was obtained and that any notices required by this Declaration, the Bylaws, the Articles of Incorporation and Alabama law were given.

11.7 Gender and Grammar. The singular, wherever used herein, shall be construed to mean the plural, when applicable, and the use of the masculine or feminine pronoun shall include the neuter, masculine and feminine.

11.8 Severability. Whenever possible, each provision of this Declaration shall be interpreted in such manner as to be effective and valid, but if the application of any provision of this Declaration to any Person or to any property shall be prohibited or held invalid, such prohibition or invalidity shall not affect any other provision or the application of any provision which can be given effect without the invalid provision or application and, to this end, the provisions of this Declaration are declared to be severable.

11.9 Captions. The captions of each Article and Section hereof, as to the contents of each Article and Section, are inserted only for convenience and are in no way to be construed as defining,

limiting, extending or otherwise modifying or adding to the particular Article or Section to which they refer.

11.10 No Merger. There shall be no merger of any of the covenants, conditions, restrictions or easements created or reserved hereby with the fee estate of Declarant, by reason of the fact that Declarant may own or hold the estate or interest both encumbered and benefitted by such covenants, conditions, restrictions or easements and no such merger shall occur unless and until Declarant, while owning all of the estate or interests shall execute a written statement or instrument affecting such merger and shall duly record the same.

11.11 Notices. Notices provided for in this Declaration or the Articles or Bylaws shall be in writing, and shall be addressed to an Owner at the address of the Lot and to the Declarant, or the Association at the address of their respective registered agent in the State of Alabama. Any Owner may designate a different address for notices to such Owner by giving written notice to the Association. Notices addressed as above shall be mailed by United States Registered or Certified Mail, return receipt requested, postage paid, or delivered in person, including delivery by Federal Express or other reputable courier service. The time period in which a response to any such Notice must be given or any action taken with respect thereto, shall commence to run from the date of personal delivery or receipt on the return receipt of the Notice by the addressee thereof. Rejection or other refusal to accept or the inability to deliver because of changed address of which no Notice was given shall be deemed to be receipt of the Notice sent.

11.12 Perpetuities. If any of the covenants, conditions, restrictions or other provisions of this Declaration shall be unlawful, void or voidable for violation of the rule against perpetuities, then such provisions shall continue only until twenty-one (21) years after the death of the last survivor of the now living descendants of Elizabeth II, Queen of England.

11.13 No Discrimination. No action shall be taken by the Association or the Board of Directors which would discriminate against any person on the basis of race, creed, color, national origin, religion, sex, familial status or handicap.

11.14 Indemnification. To the fullest extent allowed by the Alabama Nonprofit Corporation Act, and in accordance therewith, the Association shall indemnify every current and former officer, director and committee member against any and all expenses, including, but not limited to, attorney's fees, imposed upon or reasonably incurred by any officer, director or committee member in connection with any action, suit or other proceeding (including settlement of any suit or proceeding, if approved by the then Board of Directors) to which such officer, director or committee member may be a party by reason of being or having been an officer, director or committee member. The officers, directors and committee members shall not be liable for any mistake of judgment, negligent or otherwise, except for their own individual willful misfeasance, malfeasance, misconduct or bad faith. The officers, directors and committee members shall have no personal liability with respect to any contract or other commitment made by them, in good faith, on behalf of the Association and the Association shall indemnify and forever hold each such officer, director and committee member free and harmless against any and all liability to others on account of any such contract or

commitment. Any right to indemnification provided for herein shall not be exclusive of any other rights to which any officer, director or committee member, or former officer, director or committee member, may be entitled. The Association shall maintain adequate general liability and officers' and directors' liability insurance to fund this obligation, if such coverage is reasonably available.

11.15 Agreements. Subject to the prior approval of Declarant all agreements and determinations, including settlement agreements regarding litigation involving the Association, lawfully authorized by the Board of Directors, shall be binding upon all Owners, their heirs, legal representatives, successors, assigns and others having an interest in the Community or the privilege of possession and enjoyment of any part of the Community.

11.16 Variances. Notwithstanding anything to the contrary contained herein but subject to receiving the Declarant's prior written approval, the Board of Directors shall be authorized to grant individual variances from any of the provisions of this Declaration, the Bylaws and any rule, regulation or use restriction promulgated pursuant thereto, if it determines that waiver of application or enforcement of the provision in a particular case is warranted and would not be inconsistent with the overall scheme of development for the Community.

11.17 Litigation. No judicial or administrative proceeding shall be commenced or prosecuted by the Association unless approved by the Declarant during the Period of Declarant Control, or, after such Period, by at least seventy-five percent (75%) of the Total Association Vote. This Section shall not apply to (a) actions brought by the Association to enforce the provisions of this Declaration (including, without limitation, the foreclosure of liens), (b) the imposition and collection of assessments as provided herein, (c) proceedings involving challenges to ad valorem taxation, or (d) counterclaims brought by the Association in proceedings instituted against it. This Section shall not be amended unless such amendment is made unilaterally by the Declarant as provided herein or is approved by the percentage votes necessary to institute proceedings as provided above.

IN WITNESS WHEREOF, the Declarant herein hereby executes this instrument under seal,
this 28th day of March, 2007.

The waiver of notice or consent need not specify the purpose of the meeting. INTRODUCTION

OLDFIELD RESIDENTIAL DESIGN GUIDELINES

This book is intended to serve as a special reference for the home design concept for Oldfield. In order for the community to reach its full potential, the enthusiastic participation of individual homeowners is essential.

These guidelines have been created to introduce you to the future development and acquaint you with the role property owners will play. A diligent effort has been made to communicate information that should be both interesting and useful to property owners and designers. The contents will save hours of research and, consequently, substantial expense in the design of your home.

The concept of Oldfield is unique. Accordingly, these guidelines will help you understand and appreciate the attention to special detail that will make Oldfield residences so individual and yet compatible.

SECTION TWO

PLAN REVIEW AND APPROVAL PROCESS

Oldfield has established an Architectural Review to review plans and approve all improvements to undeveloped and developed property in Oldfield. The review process is for three primary reasons: (1) to assure quality control, (2) to provide for the community's organized development, and (3) to maintain environmental safeguards.

Each submission must be accompanied by the required information outlined in this section in order to be scheduled for review. When necessary, the property owner, architect, or builder may be required to attend an architectural review meeting to explain a submission.

The review and approval process involves the following:

- HOME BUILDER APPROVAL REQUIREMENTS FOR NEW CONSTRUCTION
- FUTURE IMPROVEMENT REVIEW
- APPLICATION FEE FOR NEW CONSTRUCTION
- SITE EVALUATION
- CONCEPTUAL SKETCH REVIEW
- APPROVAL PROCESS CHECKLIST
- REQUIRED CONSTRUCTION DOCUMENTS AND SPECIFICATIONS
- CONSTRUCTION LAYOUT SURVEY REQUIREMENTS
- APPROVAL OF MINOR CHANGES
- EFFECT OF APPROVAL
- REASONS FOR DISAPPROVAL
- DAMAGE CONSTRUCTION

HOME BUILDER APPROVAL REQUIREMENTS FOR NEW CONSTRUCTION

All homes under construction in Oldfield are required to be built by a

**Exhibit "C" to the
Declaration of Protective Covenants, Conditions, Restrictions and Easements for Oldfield**

homebuilder who has been approved in writing by the Declarant. To receive this approval, the homebuilder is required to comply with the following:

1. Submit a copy of his license from the State of Alabama Home Builders Licensure Board.
2. Maintain insurance that will protect him and the Property Owner's Association of Oldfield, Inc. at limits and coverages specified below. The Property Owner's Association of Oldfield, Inc. must be listed as an additional insured.

A) General Liability

Each Occurrence	\$1,000,000
Personal and Advertising Injury	\$1,000,000
Products/Completed Operation Aggregate	\$1,000,000

- Coverage to be on an Occurrence Form
- Limits provided "per project"
- Coverage to include
 - Premises and operations
 - Personal Injury and Advertising Injury
 - Products/Completed Operations
 - Independent Contractors
 - Contractual Liability
 - "XCU" Hazards
 - Broad Form Property Damage
- Products/Completed Operations to remain in effect until completion and acceptance by Property Owner.

B) Workers Compensation and Employers Liability

Part One:	Workers Compensation	Statutory Limits as required by applicable jurisdiction
Part Two:	Employers Liability	\$500,000 per accident
	BI by Accident	\$500,000 Each Employee
	BI for Disease	\$500,000 Policy Limit

In the event the home builder represents to the Oldfield Property Owner's Association that it primarily uses the services of subcontractors and does not have the number of employees sufficient to require it to carry workers' compensation under the laws of the State of Alabama, the home builder and its individual principals must sign an agreement to defend, indemnify and hold harmless the Oldfield Property Owner's Association. This

**Exhibit "C" to the
Declaration of Protective Covenants, Conditions, Restrictions and Easements for Oldfield**

agreement can be obtained from the POA office.

The Oldfield Board of Directors reserves the right to change such requirements as it deems appropriate.

FUTURE IMPROVEMENT REVIEW

No improvements to your property (modifications or any existing building, landscape improvements, addition of fencing, exterior painting, swimming pool, etc.) may be undertaken without prior review and written approval of the Declarant. A request for review of a proposed improvement or modification must contain the following:

1. A site plan, drawn to scale, showing the proposed location of improvement.
2. Letter of intent including description, measurements, and purpose of improvement.
3. A material and color sample.

APPLICATION FEE FOR NEW CONSTRUCTION

In order to defray the expense of reviewing house plans, and related data, and to compensate consulting architects, landscape designers and other professionals, the Covenants establish a fee of Two Hundred (\$200) Dollars for each submission. The fee is payable when your house plans are submitted to the Property Owner's Association. This fee may be increased one time during any year. This fee is for the review of new construction only and does not apply to future improvements.

SITE EVALUATION

Properly positioning your home on its lot requires that you understand all of its unique features, including views and topography. The following is a typical list of features to evaluate in designing an overall concept for your home.

1. Note any drainage swells or ditches that need to have unimpeded flow.
2. Locate your driveway to preserve any natural features.
3. Note the location of the utility corridor in front of your home.

CONCEPTUAL SKETCH REVIEW (Optional)

If you choose to use this submission, it should be a sketch or overlay drawn on tracing paper illustrating the design concept for your lot and how the house will be situated. This "working together" step has been included early in the process to both confirm a correct analysis of the site and save you from making major alterations after substantial architectural time has been accrued.

APPROVAL PROCESS CHECKLIST

If a building, either under construction or completed, is damaged so that major reconstruction is required, intention for rebuilding should be communicated within 90 days to the Declarant. Rebuilding must be performed in conformity with the original approved plan for the building as well as the Architectural Review Guidelines in place at the time of reconstruction. In the event of a discrepancy between the original approved plan and the guidelines in place at the time of the reconstruction, the guidelines in place at the time of reconstruction will control.

SECTION THREE

SITE PLANNING, DESIGN AND CONSTRUCTION

A great deal of special care has been taken in the planning of Oldfield. Included in this section are specific criteria and guidelines which address the following:

- **Natural Lot Restrictions**
- **Building Setbacks**
- **Square Footage Requirements**
- **Building Height Restrictions**
- **Owner's Enclosed Parking**
- **Site Grading**
- **Details of Exterior Features**

NATURAL LOT RESTRICTIONS

There are guidelines for setbacks and vegetation control on all Oldfield lots.

No removal of trees larger than 3" in diameter at 12" above ground level is permitted without prior approval of the Declarant or its agent.

BUILDING SETBACKS

These are typical minimum setback standards for Oldfield which govern both horizontal and vertical construction elements that require foundations or footings. Setback limits can be changed by the Declarant on a case-by-case basis. All building setbacks are measured from and perpendicular to your property line.

**Exhibit "C" to the
Declaration of Protective Covenants, Conditions, Restrictions and Easements for Oldfield**

Minimum building setbacks for Phase One are as follows:

	Front Setback	Rear Setback	Side Setback	Side Street Setback
R-1 (133-151)	40'	40'	15'	25'
R-2 (89-132)	35'	35'	10'	20'
R-3 (51-88)	30'	30'	10'	20'
R-4 (1-50)	25'	25'	6'	20'

SQUARE FOOTAGE REQUIREMENTS

Total of all heated and cooled areas cannot be less than the minimum square footage requirement.

Minimum square footage requirements for Phase One are as follows:

Lot Size	1-Story SF (Min)	1 ½ Story SF (Min)	2-Story SF (Min)	2 ½ -Story SF (Min)
R-1 (133-151)	2800	2900 (1800/-)	3200 (1600/-)	3600 (1800/-)
R-2 (89-132)	2600	2600 (1680/-)	3000 (1600/-)	3200 (1600/-)
R-3 (51-88)	2200	2200 (1320/-)	2400 (1440/-)	3000 (1500/-)
R-4 (1-50)	1800	2000 (1200/-)	2200 (1320/-)	2800 (1400/-)

BONUS ROOM

The Declarant has the authority to grant a bonus room in a 1 ½ or 2 story dwelling so long as the dwelling meets the first floor square footage requirement for a 1 story dwelling and the bonus room consists of no more than a single

**Exhibit "C" to the
Declaration of Protective Covenants, Conditions, Restrictions and Easements for Oldfield**

room. If the upstairs has a multiple room use such as 2 bedroom, a bedroom/office combination, or playroom/bedroom combination, it will be required to meet the square footage requirement for a 1 ½ or 2 story dwelling.

BUILDING HEIGHT RESTRICTIONS

Structure height is governed by the restrictive covenants. In no case can a single family home exceed two and one-half heated and cooled stories in height above first living floor level or 35' above first living floor level maximum. The basement cannot count as a story.

Architectural treatment of the space between grade and the first living floor is discussed in Section Four.

OWNER'S ENCLOSED PARKING

All dwelling units require a garage.

- Corner lot garage locations will be approved on a case-by-case basis.
- Electric automatic door openers must be installed and used.
- Any garage visible from the street must be kept closed when not in use.

Phase 1 (Lots 15-26) - Two (2) single car garage doors are required. Garage doors may face the street if the house plan so designates.

Phase 1 (Lots 1-14 and 27-50) - A two (2) car garage is required and garage door must face the rear of the lot and be accessible only from the rear of each lot through the Access Easement located over the rear portions of these lots. Garages cannot be accessible from or face Devonfield Lane and Cumbria Drive.

Phase 1 (Lots 51-151) - A minimum of a two (2) car garage and a maximum of (4) car garage is required. Garage doors cannot face the street unless approved by the Declarant.

SITE GRADING

Retaining walls may be used to reduce areas which need grading or to preserve vegetation. However, this must reflect the architecture of the house, be well integrated into the site and be approved by the Declarant.

**Exhibit "C" to the
Declaration of Protective Covenants, Conditions, Restrictions and Easements for Oldfield**

Runoff during construction must not cause damage to adjacent properties. If it is determined that erosion or surface runoff may be a problem, then erosion control devices such as temporary silt fences will be required throughout the construction process.

There will be no direct channeling of runoff into manmade or natural water bodies or conservation areas, from home rooftops or other impervious surfaces unless methods of infiltration are provided. Diversion of runoff into existing natural swales is encouraged.

Owner of lot will be responsible for repairing any damage caused by runoff to adjacent properties.

DETAILS OF EXTERIOR FEATURES

Fencing

All requests for fencing must be approved by the Declarant and POA Board Chairman, and is approved on a case-by-case basis.

If fence is attached to home, it is to be considered an architectural extension of the house and should be built at the same time as the house and with related or identical materials. It will be important for fences to be of a complimentary style in order to maintain architectural harmony.

A fence which is adjacent but not attached to the house may be constructed after the completion of the house.

No fences will be allowed toward the street forward of the rear corners of the dwelling unit's heated and cooled living space.

A perimeter fence is defined as a fencing that runs from the far corners of the house to the property lines on both the side and rear of the house.

A courtyard fence is defined as fencing that begins at the rear of the house and encompasses a portion of the rear yard. Courtyard fencing cannot encroach upon the house's side setback unless approved by the Declarant.

Note: The covenants and restrictions of Oldfield prohibit the placement of signage on fencing.

DRIVEWAYS, PARKING AREAS, WALKWAYS, AND HARD SURFACE AREAS

All driveways, parking areas, walkways, and other typical "hard surfaces" must be constructed of concrete, brick pavers, or similar materials approved by the

**Exhibit "C" to the
Declaration of Protective Covenants, Conditions, Restrictions and Easements for Oldfield**

Declarant. These approved surfaces must begin on the house side of the public sidewalk parallel to the street.

Property owners may, upon prior approval from the Declarant, apply materials consisting of acrylic polymer and modified cement coatings on "hard surface" areas (i.e., driveways, driveway borders, walkways, patios, pool decks, etc.) to simulate construction materials for tile, brick or stone.

Simulated surfaces must be neutral in color, representing the colors of concrete materials commonly used for driveways, walkways, etc. Simulated surfaces representing brick expansion joints and brick borders on driveways are allowed. All colors of these areas must be submitted to the Declarant for approval prior to installation.

Patrial covering of driveways, parking areas, walkways, patios, pool decks, etc. is not approved.

Approval by the Declarant is for aesthetic purposes only and not for the quality of the material to be used. Approval does not infer that the product is suitable for the intended purpose. Once applied, it is the responsibility of the property owner to maintain the surface. If the surface is damaged due to wear and tear, an accident, or for any reason, the property owner must promptly repair it at their expense.

Driveways with 80% of its width and located within ten (10) feet of a property line must be provided with a two (2) foot wide sodded area from the driveway edge to the adjacent property. A minimum two (2) foot wide sodded area is required. The sodded area must extend from the sidewalk at the street to the back line of the house. Drives must be a minimum of nine (9) feet wide.

Sidewalks

Each lot owner is responsible for constructing a four (4) foot wide sidewalk along the entire street frontage in accordance with the approved sidewalk and landscape plan.

OUTDOOR LIGHTING

Outdoor lighting will be carefully reviewed to assure that neighboring properties are protected from the view of bright light sources. Illumination necessary for evening activities must be directed downward and only bright enough to provide for safe traverse of steps and paths. Exterior light fixtures on homes

**Exhibit "C" to the
Declaration of Protective Covenants, Conditions, Restrictions and Easements for Oldfield**

must be of a baffled design and not create a nuisance for adjoining property owners. Whenever possible, functionally required lighting should be integrated into such features as steps, handrails, posts and curbs.

Accent effects can also be achieved through the use of landscape lighting. Accent spotlight fixtures directed upward into tree foliage can provide low intensity but often dramatic illumination of nearby pedestrian areas. Landscape uplights should be unobtrusive in appearance or hidden from view. All landscape fixtures must be shielded by planting and concealed in daytime.

Lighting along driveways and paths must have a mounting height no greater than three (3) feet and use no more than 60 watt incandescent lamps.

Pole mounted light fixtures will be approved on a case-by-case basis. These fixtures can be located in a five (5) foot square area located directly adjacent to both the sidewalk and the driveway. Other locations must be approved by the Declarant.

Outdoor lighting with colored lenses or lamps will not be allowed.

DECKS, PATIOS, PORCHES

Yards and terraces should be designed to be an extension of the architecture of your home. A well planned deck, patio or porch adds living area to your property.

In order to decide the location of your deck, patio or porch it is important to know the physical assets of your property as well as the requirements of design and construction, the setbacks, and deed restrictions. All decks, patios or porches that extend beyond the setbacks will be reviewed for approval by the Declarant on a case-by-case basis.

Flooring must be constructed of concrete, brick paves, wood or similar materials approved by the Declarant. Property owners may, upon prior approval from the Declarant, apply materials consisting of acrylic polymer and modified cement coatings on patios to simulate construction materials for tile, brick or stone.

The area under these structures cannot be open to view. The approved exterior finished building material of the house or treated wood lattice work must be used to enclose the underside of these structures. Written approval from the Declarant is required before other screening material is used.

**Exhibit "C" to the
Declaration of Protective Covenants, Conditions, Restrictions and Easements for Oldfield**

SWIMMING POOLS

The size, shape and siting of swimming pools must be carefully considered to achieve a feeling of compatibility with the surrounding natural and man-made elements. Fountains and recirculating water add character and are subject to the Declarant's approval.

Due to the potential disruption of natural features, the Declarant will review all proposed pools on a case-by-case basis.

All swimming pools must be enclosed by fencing that meet the requirements of the design guidelines. The swimming pool, deck, fencing and equipment enclosures must be architecturally related to the house and other structures in placement, materials and detail. Pool enclosures or inflatable "bubble" covers will not be allowed. Above ground pools will not be allowed. The water's edge of the swimming pool cannot be closer than twenty (20) feet to any property line. This dimension does not include the pool decking.

GAZEBOS, ARBORS AND TRELLISES

These functional structures can be very pleasing landscape elements that can fit well into the Oldfield theme. It is important to view these as permanent structures and to design them accordingly. These permanent structures must be approved by the Declarant.

TRASH

The type of trash receptacle required will be determined by the city service which provides for the residents of Oldfield. Trash receptacles must be kept in clean and sanitary condition. They must be stored so they are not visible from any road within sight distance of the house at any time except during refuse collection. They can be kept on the side of the house if screened by shrubbery or other material approved by the Declarant.

Household garbage must be bagged and placed in the trash receptacle. The disposal of household trash (old furniture, yard debris, etc.) and your recycling items must be disposed of in accordance with the guidelines imposed by the city service which provides for Oldfield.

**Exhibit "C" to the
Declaration of Protective Covenants, Conditions, Restrictions and Easements for Oldfield**

All trash receptacles, household trash, and recycling bins must not be placed out for reuse collection any earlier than 24 hours prior to the service day.

TENNIS COURTS

Individual tennis courts are not permitted.

MAILBOXES

Mailboxes and house numbering graphics will be a standard design throughout the community. Design and location will be provided by the Declarant. Upkeep on your mailbox must be done as needed.

ANTENNAS

Signal reception antennas for television reception are subject to approval by the Declarant. The maximum dish reflector diameter must not exceed thirty-six (36") inches. Antennas are not permitted in the front yard of the house or on the front (facing) side of the roof. The property owner must make every effort to install the antenna in a location that is not visible from the street side of the house.

Installation of the antenna on the rear portion of the house roof is the most preferred location. Installation on the side portion of the house roof is permitted only if side location is required to receive an adequate satellite signal, and only if side location is not closer than ten (10') feet to the front corner of the house.

Antennas pole mounted on ground level must not exceed six (6') feet to the upper most extremity of the antenna installation, and should only be installed within ten (10') feet from the side or rear of the house. If a pole mounted antenna must be located more than ten (10') feet from the side or rear of the house in order to obtain adequate signal reception, the property owner must have location approval by the Declarant. All poles used for mounting antennas must be screened from view by the planting of dense growing shrubs, such as Cleyera, Camellia, Oleander, Sweet Olive, etc.

Di-pole "yagi" TV antennas or amateur radio single sideband antennas are not approved.

SECTION FIVE

LANDSCAPING

The landscape design of each home site in Oldfield offers the opportunity to exercise your individual commitment to preserving the native vegetation. Nature has conveniently given a basic outline of the plant material that thrives in this area and preserving that gift and enhancing the setting for the residence is the goal for this section.

- **SAMPLE SITE CONCEPT**
- **PLANTING NEW VEGETATION**
- **PLANT LIST**

SAMPLE SITE CONCEPT

1. Set-back lines with random masses of flowering shrubs beneath tree canopy.
2. The service yard should be screened from views by landscaping or an architectural element.

The preliminary site plan addresses the formative considerations of the home site, building placement and relationship to adjacent homes.

As you begin to refine the layout of your grounds, it is important to understand the value of well-designed landscape. Not only will you be at home on your grounds, but you will be increasing the total value of your investment.

To coordinate each homeowner's plans with the intended landscape concept for Oldfield, a cooperative effort is needed. Within the setback areas of each lot and along roadways, we ask that each lot owner plant shrubs and underscore trees that will flower and/or provide color to enhance the scenery for all Oldfield residents.

PLANTING NEW VEGETATION

PRELIMINARY PLANTING PLAN

A preliminary planting plan shall be prepared and submitted as soon as possible. Locations with the greatest visual contact from the public street should have top priority in deciding where to spend money for planting.

The preliminary planting plan should indicate the use of various classifications of plants. These include:

1. Deciduous overstory trees
2. Evergreen overstory trees
3. Understory trees that normally form a canopy below a larger tree
4. Evergreen and deciduous shrubs of various height
5. Groundcover, annuals, perennials
6. Sodded area
7. Mulched bed areas.

Each lot owner is responsible for planting two (2) trees upon completion of the construction of the initial dwelling on a lot.

Immediately upon completion of the construction of the initial dwelling on a lot, the entire yard of such lot shall be fully grassed by the application of solid sod, and not sprigged or partially sodded.

One well/well house is allowed for irrigation purposes only. It shall not be located in the front yard and shall be screened from view.

The selection and placement of the new material is a complex task. In the preliminary stage, approximate sizing should be noted on the plan. For detail design, a careful study of sizes, shapes and textures is warranted, as well as plant types, growth habits, hardiness, moisture, and shade requirements and soils.

The Declarant requires that a landscape plan be submitted as part of the development proposal. The following proposals will be denied.

1. Unwarranted removal of specimen trees
2. Property lines outlined by clipped hedges that exceed 4' in height
3. Intensive use of plants with forms or colors not native to the area
4. Earth fill that threatens existing trees
5. Large unplanted windowless walls.

2. A construction layout survey is to be given to the Property Owner's Association office for their file.

Approval may take up to two (2) weeks and it is recommended that the selection sheet be given to the Property Owner's Association office prior to the black-in stage.
