By affixing my seal and signature hereon, I, James W. Cook, TN RLS #725, certify that the survey depicted by this plat was done under my direct supervision using random travel with side-sites between control points determined with a C 3800 dual frequency GPS in real-time kinematic mode for NGS triangulation with relative precision of accuracy meet or exceeding 10mm + 1ppm. The distance and coordinates that are indicated as observed in the field and the precision of the survey is based upon the specifications for a Category 1 survey. 100% of this survey was performed using GPS equipment. 1 survey was done in compliance with current Tennessee minimum standards of practice.
