Charming Home on a Generous Lot in a Family Park Community

Nestled within a welcoming family park community, this thoughtfully designed two-bedroom, two-bathroom home sits on a spacious lot that invites you to spread out and truly settle in. From the moment you step inside, the vaulted ceilings open the space up, creating an airy, light-filled atmosphere that feels both grand and immediately livable. The flowing layout connects a generous living room to a warm dining room, anchored by a stunning built-in hutch that adds timeless character and practical storage. The kitchen is a standout feature — oversized with an abundance of counter space that makes cooking and entertaining a genuine pleasure. A dedicated laundry room keeps daily life organized, and every appliance you need is already included, so moving in is as seamless as it gets. The oversized second bedroom surprises with dual closets, offering flexibility for family, guests, or a home office. The primary suite is a true retreat, complete with a walk-in closet and a private bath featuring both a luxurious garden tub and a walk-in shower. The second bathroom echoes that same sense of spaciousness with its own generous walk-in shower. Step outside and the lot truly shines. A large, covered patio sets the stage for morning coffee and evening gatherings, while the full-size carport handles your parking with ease. The expansive fenced yard offers privacy and room to roam, and a handy shed keeps all your tools and outdoor essentials neatly tucked away. Year-round comfort is handled effortlessly by central heat and air. This is a home that checks every box — and at this price, it won't last long.
